COUNTRY OAK

TOWNHOUSE PARQUET

FIND A STOCKIST

A classic marriage of warm golden hues and dramatic timber details.

This traditional parquet flooring design is immersed in the bright hues and rustic details which define natural timber. The floor's rich golden shades are combined with tawny knots and grain patterns, capturing a beautiful range of detail that evokes warmth in any space.

Team Country Oak with pared-back, neutral paint shades to let its rich shade take the limelight. Add eclectic furniture in pop colours to bring a touch of modern style into the mix and feature tropical house plants for extra bursts of interest.

Country Oak is built to last with a durable multi-layered construction and highly resistant surface that's practical for any room in your home. Get a closer look at this parquet flooring design by ordering a free sample from above or visit your nearest stockist to view larger swatches of the floor.
